Advice to Mothers  
Have you had baby's photograph  
taken?  
An art to take baby's photo-  
graph as it should be taken. To catch  
his roguish little smile, his pretty little  
dimples. Such photographs become prized  
reminiscences of babyhood's days in  
years to come. We have had years of  
experience in photographing children.  
They always look their best when we  
take them. No troublesome posing.  
Snap them in a jiffy.

The Photographer,

DON'T WORRY  
It Makes Wrinkles  
Worry over ill-health does your  
health no good, and merely causes  
wrinkles, that make you look older  
than you are.  
If you are sick, don't worry, but go  
about it to make yourself well. To do  
this we repeat the words of thousands  
of other former sufferers from whom  
only ill, similar to yours, when we  
saw.

# SECOND DAY FAIR COULD BE LARGE

Between 6000 and 7000 Were on the Grounds—Inter-  
esting Features About in all Sections—High Dive a  
Thriller.

The middle day has always been  
considered the big day at the county  
fair, but since the opening day has  
been so successful, the middle day  
has had to suffer somewhat in popu-  
larity because of the holiday. The at-  
tendance therefore was not as large at  
the fair of the New London County  
Agricultural society on Tuesday, but  
it is estimated that there were be-  
tween 6000 and 7000 on the grounds  
during the day, which was of course  
pleasing to the officials.

Tuesday was another ideal day for  
the fair and there was a particularly  
large attendance from the surrounding  
large number from the Connecticut  
city, so that in all quarters of the  
grounds there were crowds of people  
coming in for the day, every feature  
being in for a big day. Not a little  
was directed to the trial of the  
ox and town teams during the  
afternoon and large crowds of in-  
terested spectators.

During the morning there was a busy  
hum about the grounds, the agricul-  
tural hall, vegetable tent, cattle and  
stables and midway being thronged  
with interested spectators, but as af-  
ternoon advanced attention for the larger  
number was attracted to the high  
dive, where a fine performance was given.  
The grandstand and bleachers were  
comfortably filled with spectators,  
on both sides with spectators. The  
races were interesting and the stage  
numbers pleased the audience.

**Horse Racing.**  
The opening number on the track  
was the 230 trot, in which three of the  
entries started. Four heats were  
necessary, as in the first heat the  
heat with apparent ease, but there-  
after Aquarose finished first under the  
guidance of his driver, J. W. May, and  
took first money. The summary fol-  
lows:

230 class, trot or pace, purse \$200:  
Aquarose, b. m., Sherman, 1 1 1

field, b. m., Sherman, 2 2 2  
Time: 2:31 1-4, 2:30 1-2, 2:30 1-4.

The 235 trot or pace proved the  
race of the afternoon, both for time  
and interest. Five started out of  
the gate, and the race was a close  
one in three straight heats. Though  
Stranger had the goods and could have  
pulled the winner much harder, Sa-  
lmon was the victor in the first heat,  
while the third heat was a fight  
between Alcy Band and Intern. For  
the second heat, Alcy Band was the  
winner, and in the third heat, Alcy  
Band was the winner, and in the third  
heat, Alcy Band was the winner.
